- Easier path**
- Centenary Meadow walk**
- No public access**

Easier path

The pink line is the easiest route if you have a pushchair, difficulty walking or use a mobility device. However, the utmost care must be taken, even on this route.

A message from the fairies

Please don't leave us glitter, it can be harmful to some creatures. Explore our paths and have adventures, but please don't climb the trees or trample the plants.

Furzey Gardens is a social enterprise of Minstead Trust.

Present day

Celebrating 100 years

This year, Furzey Gardens celebrates its centenary.

The gardens were first planted by the Dalrymple family in 1922 as an informal woodland garden. We have planned a year of celebration to mark this significant milestone.

Throughout the year you can experience the pioneering story of the gardens – from intrepid plant hunters who filled the gardens with unusual species to its more recent history as a place of support and education for people with learning disabilities.

Look out for our new walk through the Centenary Meadow, a fresh take on our history, special events and performances, and a pioneering art project from artist Anna Cady.

Support the centenary

Secure a thriving future for the gardens by helping us raise £500,000 in our Special Years Centenary Appeal. Make a donation and add to our online memory wall to help reach this crucial fundraising target.

Find out more at www.furzey-gardens.org

Supporting people with learning disabilities

Furzey Gardens relies on charitable donations to provide training and support for people with learning disabilities, as part of local charity Minstead Trust.

We support people to maintain the gardens, serve in the tea rooms and grow the plants we sell.

Help us continue our work by taking out annual membership today.
